

Basic Conversions, Fractions, Decimals, Percents - EXTRA PRACTICE

1 week = _____ days

1 month = about _____ days

1 year = _____ days

1 year = _____ weeks

1 year = _____ months

1 month = about _____ weeks

1 minute = _____ seconds

1 hour = _____ minutes

1 day = _____ hours

1 foot = _____ inches

1 yard = _____ feet

1 yard = _____ inches

1 mile = _____ feet

1 meter = _____ cm

1 meter = _____ mm

1 cm = _____ mm

1 kilometer = _____ meter

1 Liter = _____ milliliters

1 Kilogram = _____ grams

1 gram = _____ milligrams

1 pound = _____ ounces

1 ton = _____ pounds

1 pint = _____ cups

1 quart = _____ pints

1 gallon = _____ cups

1 gallon = _____ pints

1 gallon = _____ quarts

1 cup = _____ fluid ounces

1 tablespoon = _____
teaspoons

Formula for Area of Rectangle
is _____

Formula for Volume of a
rectangular prism

Child's Score: _____/31
